

I want rules in place that serve the public, rather than private interests. I oppose the FCC commission's taking a vote that leads to more media consolidation. We have WAY too much commercial use of OUR public airwaves as it is today.

On June 2nd, I urge you to retain the current ownership rules.

There are far too much control of what the public hears and sees by the corporate owners of the stations. The media is owned by the public. It should serve the public interest.
